Subject: Placement of the Draft FS For the DuPage County Landfill in Warrenville, Illinois
in the Administrative Record

From: Michael E. Bellot, Remedial Project Manager

To: Administrative Record File

The purpose of this memorandum is to document that the attached Draft Feasibility Study Report, dated June 1995, is being added to the Administrative Record because it was used in the development of the Final Record of Decision for the DuPage County Landfill/Blackwell Forest Preserve Site. The document was not reviewed and approved by the Agencies and is considered Draft. By virtue of the fact that it was use as a reference in the development of the ROD, the Agencies do not necessarily agree with all data and conclusions presented in this June 1995 FS report.
